"Big Idea"	Description	Action
<p>Process Improvement: Automated Solution for PO Closure</p>	<p>Identify Workday processes that can submit PO closure task if fully invoiced/fully expensed/zero obligation</p> <p>Will reduce impact on FA who are manually closing POs at year end</p> <p>"Partnership in first year of closing with stakeholders" - mass closures will reduce the shared burden: roll over and depts closing one by one</p>	<ul style="list-style-type: none"> • Central office buyers can assist with closing PO's if when requested by department contact • QRG for closing PO exists and circulated • FA's - Use AskFinance with list of POs that are fully paid (with cost center/worktag/days of inactivity/other criteria) for mass closure • Report that is limited to Fully invoiced and Paid open POs (with worktag filters) • Moving forward into FY24, will attempt to do periodic reviews and prioritize items with grant associations to communicate with user that item has zero obligation • A "sweeping process" from UVAF for 300 units could be challenging because some POs have critical numbers? Explore what that might entail and what roadblocks could surface
<p>Slow response time from AskFinance</p>	<p>May be a year end, high volume issue/time?</p>	<ul style="list-style-type: none"> • Users to be diligent in using Subject line of email, and including as much information as possible to speed up process <p>(DH Note: infrastructure in place with web resources, email comms, twitter/blog, and meetings to continue to provide answers to FA community, but area for CI as we move forward)</p>

<p>Security Role Advisor (for FIN re: Expense 2-approver process)</p>	<p>Rolling all expense processes back will require user feedback</p> <p>Interest in having team to advise FAs on security roles</p>	
<p>ISPs to include/attach documentation in the transaction in Workday</p>	<p>Identify Workday capacity for this</p>	
<p>Details for Account Certification Report: Can accounts be summarized/use of drill down feature?</p>	<p>Current solution: filter the ledger account</p>	<p>Identify if reporting can conduct this type of activity</p>
<p>Broaden the type of transactions that can be adjusted.</p>	<p>If transaction does not link to journal, recommend to use AA, PAAs;</p> <p>Some transactions cannot use Acct Adjustment, instead use PAAs</p> <p>FAs may show pattern of conducting more journals than accounting adjustments</p> <p>Journals cannot be completed until 45 days past invoice paid date</p>
